

QUINTE REGIONAL SCIENCE AND TECHNOLOGY FAIR

April 15, 2023 Loyalist College, Belleville

YOUTH SCIENCE
FOUNDATION CANADA
FONDATION SCIENCES
JEUNESSE CANADA

To Whom it may concern;

A student in your school, has won the Quinte Regional Science and Technology Fair's most prestigious award - a fully funded trip to the Canada Wide Science Fair (<http://cwsf.youthscience.ca>) for 7 days. (A value of \$2000). Your student will be competing with students from all across Canada for almost \$1,000,000.00 worth of prizes. During the week, your student will be participating in educational tours and activities, feted with banquets, as well as undergoing a rigorous day of judging. They will also be presenting their projects to the public, dignitaries and local students. There will be little time for homework.

Because of the outstanding educational opportunities at the fair and the time it requires, we are asking that you and your staff reduce assignment requirements to the necessary minimum and be flexible in your time lines for schoolwork and deadlines that occurs during the fair dates.

If you have any questions please contact (chairperson) of the fair at ... qrstf@live.com or Chris Spencer (cspencer.qrstf@gmail.com)

Sincerely
Scott Berry
Delegate - Canada Wide Science Fair
